2020

Dear teachers, mentors, counselors, staff, parents, and friends,

We want to thank you for everything you've done. People like you are the reason of why we pursue our dreams. We will always remember your kindness and value the time we spent together. We hope all of you know how grateful we are to have shadowed you these past few years. We would not be here today without your help. We also would like to thank our parents for their care and support over the years. We all know how much has been sacrificed just so we could achieve one more dream. Each one of you has given your children the greatest gift: an education. The best legacy parents can truly give. Last but not least, we all want to thank our friends who made our journey through high school a little less stressful and a bit more fun, we will remember each other forever!

Congratulations!
I want to commend each and every one of you for everything that this amazing class has had to endure. Certainly, the Class of 2020 has experienced so many life changing events-some rational but many mostly inconceivable. As a result of challenging times, now, more than ever, seniors you must analyze, study and process history and make yourselves better, stronger and invincible. During the school year, I am very proud of the leadership, compassion, camaraderie, scholarship and athletic prowess that so many of you exhibited every day at East Side High School. Additionally, no one will ever take away your resolve and fortitude because that is what makes the Class of 2020 so unique. The time spent at East Side High School will never be forgotten and you should reflect on this experience as you now go out and change the world for the better. I am proud and honored to stand by you as your Principal and always know that you have left East Side High School the right way through hard work, perseverance and vision.
Again, Congratulations and all the best and remember:

Class of 2020, congratulations!

You did it and for many of you getting here was not easy, but you had a dream and you accomplished it. Revered author, Paulo Coelho said in his book The Alchemist, "It's the possibility of having a dream come true that makes life interesting." I hope that you will continue to be dreamers and always strive to create a better tomorrow.

Do not stop here. Keep going. Never stop dreaming and create the most beautiful and interesting lives for yourselves.

Dear Seniors,

As you embark on a new chapter of your life, always remember that learning does not stop inside the classroom. You will be a lifelong learner and though the platform might change, the valuable lessons will not.

Unfortunately, this is not the farewell you wanted or deserved but every experience in life will teach you something that is positive and constructive, even in these trying times. You just need to keep an open mind and open heart to see what lessons the world has to offer and don't be afraid to take risks.

It has been an amazing 4 year journey, and it was an honor to watch you grow up and develop into responsible young men and women. You all brought great joy, and happiness to the East Side High School community, and that will never be forgotten .

I wish you all the best in your future endeavors.

"It's magic!!!!" "No, it's science!"
Many of you excitedly watched as different chemicals were burned right in front of you, changing the color of the flame in your chemistry class. Then, there were those opportunities you had to cut, poke, inspect, and fully dissect frogs and pigs in your biology class. Remember launching rockets outside in physics class or examining crime scenes in forensics? And let's not forget learning more about our planets and the moon in earth science. While science classes may have sometimes been difficult, you must admit they were exciting and interesting, and the knowledge you gained will, of course, be very useful as you venture out into the real world. You will understand water testing, how viruses or diseases work, how DNA and finger printing is used to identify criminals, how rollercoasters function and so much more because of the wonderful science teachers you had at East Side High School.

On behalf of the entire science department, I want to express how proud I am of each of you and how far you have come. Your hard work has paid off! You are ready and prepared to face any challenges that come your way. You can use those claim-evidence-reasoning skills to solve problems, analyze data, and make informed decisions about any situations presented to you. Be proud. Be grateful. And never forget the fabulous experiences you had with your friends, classmates, and teachers at East Side.

To our Class of 2020,

Watching you all grow from awkward freshmen to confident young people about to begin the next step in your lives has been an amazing experience for all of us. As each of you joined Big Picture, it was crucial that you knew how different this experience would be from anything you had done before.

As you invested yourselves in the program, we invested in you. We were there to watch your successes and share in your excitement when you completed a final exhibition, dominated a classroom debate, or played out a perfect mock trial. We were there when you got your first interview, earned your first internship, and received your college acceptance letters. We couldn't have been more proud of you in any one of those moments.

When you thought things were too hard, when something at home had you down, and even when things got rocky in your friendships and relationships, we were right there with you. We were never just your teachers. We were your family. We were your friends. And we still will be when high school comes to an end. You can't get rid of us that easily. We take pride that every Friday you might even hum that hilarious song we loved to play for you.
We love you and will miss you,

P.S....This is not goodbye, it's just see you later ... possibly on zoom lol

CHRISTINE PUCCIARELLI
"Tina"
College Preparatory
Activities: Student Council; Executive Council; Servettes; Announcer Staff; Counselor's Office; School Office; Candidate for Honor Society
Hobbies: Bowling, listening to Frank Sinatra and Nina Simone records

Born in Newark, "Tina" attended Ann Street and East Side High School. Upon graduation from Rutgers Newark she began her professional career with the Newark Board of Education as a mathematics teacher at her alma mater. After 6 years as a high school classroom teacher, she viewed counseling as an opportunity to work more closely with students in their efforts to define and develop their aspirations and potential. She received a Masters degree from Montclair State University which enabled her to be certified as a guidance counselor as well as an administrator.

After serving as a guidance counselor for several years, she was promoted to the position of Department Chair of Mathematics. In the several years between both those two positions, she earned a second masters degree in Pure and Applied Mathematics, which not only enhanced her performance as the math chair but also enabled her to get back to her first love, classroom teaching, but now on the college level. She taught at Essex County College and currently is an adjunct faculty member at NJIT. Her efforts and contributions as a chairperson attracted enough recognition to earn her an additional promotion to Vice Principal at East Side in 1988.

Three years later, in 1991, Tina was promoted to Principal of Science Park High School. She served in that capacity for 18 years until she retired in 2009. At that time, the school was located on Rector Street, in the old Rutgers chemistry building. Ironically, Tina was a student in that building while pursuing her Bachelor of Arts degree at Rutgers as a chemistry minor.

While serving as Principal of SHS, Tina oversaw the transition to the newly constructed Science Park High School. During the design and construction of Science Park, Tina served as the school's liaison to the Board of Ed, architects, contractors, and consultants, providing vital input regarding interior design, amenities, student needs, teacher and administration support services, and educational ambiance. Much of the school's student-centered building design, innovative student support amenities and scheduling, and technological and environmental considerations are the direct result of her input. Science Park earned recognition as a Blue-Ribbon School and was voted as one of the top 50 high schools in New Jersey by New Jersey Monthly Magazine for the 18 years she served as Principal.
In her professional affiliations, Tina has served as an Executive Board Member (representing Principals and Department Chairpersons) of the City Association for Supervisors and Administrators (CASA). She was later elected as CASA's Treasurer and then President, in which role she is currently serving.

Tina grew up "Downneck" with a father and neighbors who were strong proponents of labor unions. As a teacher, she was an active member of the Newark Teachers Union. Following her promotion(s), she was elected as representative for department chairs and later principals to the City Association of Supervisors and Administrators (CASA) Executive Board. She also was elected the treasurer of the union and after retirement was asked to run for president, the position she currently holds. CASA is Local 20 of the American Federation of School Administrators, AFL-CIO

Tina's professional career reflects a lifelong commitment to student-centered learning, professional excellence, student development and workers' rights. She has pursued her career objective in a manner that has had a positive impact on Newark's public schools.

East Side High School is proud to present the 2020 Valedictorian Speech:

Greetings class of 2020.

For those of you who don't know me, my name is Brandon Lee Arocho. For those of you who do know me, I've run out of coca cola again. Send help.
Now that we're well acquainted, let's dig into your personal life. I'm going to ask you all to take a moment to reflect on the past few years of highschool and remember some of your most defining moments.

Are some of you thinking about the first time you won an award? Or the moment someone noticed you were feeling down and made you feel like you mattered? Maybe that person gave you a can of coca cola to cheer you up. Some of you might be thinking about a more negative memory, like being singled out in a crowd despite being socially anxious.

Good and bad memories alike shape who you are as a person. Each of these are character defining moments that have had a major impact on who you are now. It isn't the tough parts of life that define who you are, it's how you choose to respond to them.

Think back to how you reacted in those defining moments and get a little introspective. Did you let those moments fill you with negativity or fortify your will? Remember that difficult experiences are opportunities to show what you're made of and how strong you can be. If you aren't happy with how you acted in the past, there's always time to reflect and make the decision to be better.

There will be many more character defining moments in life for all of us and more chances to be better. For each of you "being better" is going to mean something different. For some it'll be finding your way out of the darkness, for others it'll be mastering a skill, and for others still it could be helping someone you care about to the best of your ability. For me, it's giving up coca cola to be healthier...but that'll never happen let's be real here. No matter what, always remember that you're never done growing. There are still ways to better yourself. It's never too late to change who you are.

I hope this introspective journey has encouraged you to reflect on what you've endured, what person you are right now, and the person that you want to become. While we can't change the world overnight we can do it gradually, and it all starts with you.

Congratulations class of 2020.

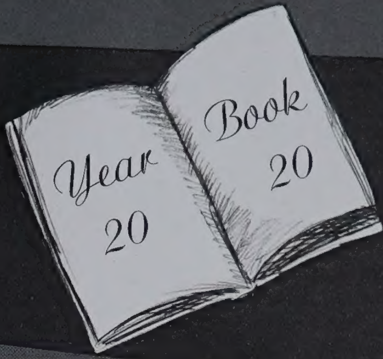
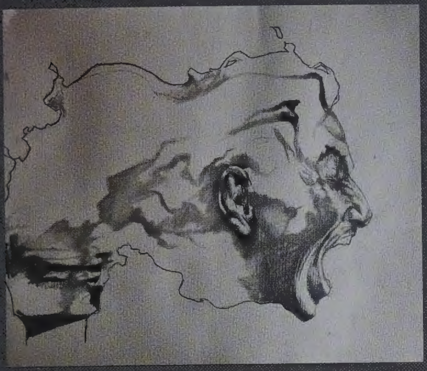
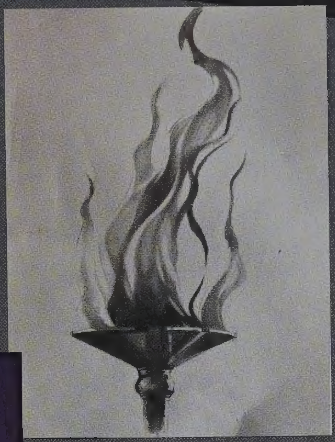
CLUB







Nowhere does the definition of TEAM ring truer than when applied to our yearbook club. This group of exceptional young people collaborated against all odds to create and represent the history and the best moments of our school during the year of 2020. And what a year this was. At no other moment the old expression "The shoemaker's children always go barefoot," is more applicable than to our peculiar situation. During most of the school year we hassled clubs and athletics for the pictures that would capture every moment and the spirit of our school and, of course, as we diligently collect them, we left out our pictures and our moments. When the Covid-19 pandemic forced our schools to go virtual, the challenge of finishing our project looked extremely difficult but that was when this extraordinary group showed their tenacity and determination and finished the most beautiful yearbook of all time. This book is the reflection of the character and determination of a group of people that refused to give up and our tribute to the class of 2020 as a testament that together we are stronger than any adversity.

Congratulations!
Lilia Arfinengo
Yearbook Adviser

Mrs.Afrinengo,

Thank you for everything you have done for us. You turned this book around and truly made it fun and full of unforgettable moments. You showed us that we are capeable of achieving the impossible! The dedication and trust you put in our hands really allowed us to finish strong and make this book the best as possible. You have marked a special place in our hearts and we will forever cherish such moments. We had fun times together and those memories will always stick with us. WE LOVE YOU!

The LGBTQ+ movement has been fighting against discrimination for about 51+ years. There has been so many riots and alliances since then and the movement still continues. I wanted to ensure a safe space where students can voice their experiences by creating our LGBTQ+ Club at Eastside High School, cultivating our new LGBTQ+ Leaders of tomorrow.

I leave you all with this: Remember to educate people on who WE are and don't stop fighting. Sometimes winning is losing and losing is winning. Make sure you win for the right reasons and never lose without a fight! Follow your passion and continue to be who YOU want to be. What is the legacy you want to leave behind?

Congratulations to the Class Of 2020!

It has been a long journey, but your dedication, effort and persistence have made the class of 2020 one of the most unforgetable ones. I am glad that we shared so many great activities in our club; including celebrating the holidays, our trips to MSU, and dancing at the 2019 Heritage Day. Even though this is one of the biggest steps in your life that you have accomplished, always rememeber to follow your dreams and pursue greatness.

Best Wishes and Good Luck.

Other Seniors who we bid adieu to are Jonathan Sousa (3yrs), Cesar Urbano (3yrs), Frank Santamaria (2yrs) and Colleen Archer (2yrs). Highlights from the season include District Champion at 195 pounds Gabriel Tato and Colleen Archer at 106 pounds who finished 1st at multiple tournaments and a 5th at the Girls Regionals. We are so proud that these student-athletes showed resiliency, responsibility and a commitment to themselves and their teammates and have much more to accomplish as they head off to life after high school.

The 2019-20 East Side Hockey Team was a veteran group led by senior captains, Francisco "Franny" Henriques and Filipe Marques. Franny (28 pts) and Junior Peter Garcia (16 pts) sparked most of the offensive production with Pablo Garica (Sr.). In addition freshmen Bruno Statzner along with sophomores Justin Hayward and Rodrigo Uehara provides a solid second offensive line. Freshmen Elias Ferreira contributed by playing every position except goalie.

The defense was platooned by lockdown defensemen and 3 year lettermen Steven Ruas (Sr.) and David Mendez (Sr.) as well as offensive-minded Filipe Marques. The addition of Ilya Zaytsev (jr.) and reliable Yasmine DeSiqueira may have made it the best defensive group East Side has ever had.

Goalie Gabe Castillo (Jr.) was great between the pipes. In addition East side will lose dedicated seniros Zach Barros and Emmanuel Cruz. A special thank you to our managers Barbara Viera and Giorgia Bialoglowka.

We had an amazing 2019-20 Girls Hockey season and we owe it all to our seniors!

Nadine,
I am so proud of the player and person that you have become over the past four years! As captai this season, you successfully bonded a group of mostly new players. You didn't just make them a solid team, you turned them into a loving family! We will miss you for your leadership on the ice humor in the locker room, singing on the bus, and random screaming in all contact related plays!

Michael,
I didn't know you very well when you came to us in the beginning of our season and asked to be manager. But, right away, you became part of the team! You offered a helping hand when needed, supported the girls, and encouraged them. We will miss your heart and humor next year, as well as your twerking skills on the bus!

Nadine and Mikey,
We love you both! You will always be a part of this family! Congratulations on your graduation! And remember, appreciate all things on your path, because most importantly, "it's all about the climb!"

To the seniors:

- Julianis, who started playing varsity at third base as a freshman and continued to grow and flourish as time passed, can now play any position. She will be going on to play in college at NJCU so, thankfully her softball career is not over.

- Ramona, who will fortunately be playing in college with Juli, has developed as much as any player in such a short time, mainly because she has worked as hard as any other player ever has, especially this past off season. Which, in turn, earned her a captaincy.

- BB came as a sophomore and left as a sophomore. She returned as a junior and pitched and hit her way through a very successful season which included being the winning pitcher in the NPS championship game.

- Angie only started playing softball as a freshman at East Side. She played varsity last year and was going to be thrown into the fire as she was to be the starting varsity shortstop this season. We were all curiously excited to see her hit as she started to develop some serious power at the plate.

- Kamil had said her junior year that she wasn't planning on playing her senior year. We told her that was nonsense. She also started as a freshman and as hard as she had worked, especially from September until the spring, earned a spot on the varsity team.

- Beatriz is yet another four year player who had put her time into make the varsity team this year as well. She would play anywhere at anytime, just so long as she was contributing. Girls, we love you and we will miss you.

The 2020 East Side Boy's Lacrosse Team continues to grow in numbers and experience in it's fourteenth season, After a 3-14 season in 2019, the team looks to build off of its most wins as a varsity. The offensive will be led by Seniors Pablo Garcia. Steven Myskow, Ahmad Oyedrian, and Michael Paredes. A young will be anchored ny Junior All-Conference/All-Division Goalie Juan Eduardo. However, a stable of new and young talent should bring a promising season. Look for Red Raiders to scalp some opponents in 2020.

Dear Seniors of 2020,

I know this really sucks that everything we actually looked forward to was robbed from us over a sickness going around. We are only high school seniors once and not many people understand that our prom was more than just a prom, our senior trip was more than just a trip and these last 3 months of school was more than missing school it's all about the times! Those are the last moments we spend together before we go off to college. We are all ready for this to be over especially with these online classes. I would also like to congratulate you all on your acceptance letters you all received and good luck on your next step in life. I hope you all have been doing well mentally and physically with this social distancing. High School is officially over now it's time for bigger and better things! They weren't ready for us so they had to shut us down, period! But what they don't know is the best is yet to come! Xoxo

To Amber Ruiz:
You came to us as a small timid sophomore and played a couple games. This year, you were ready to take the field once again, but with more attitude and more spirit. I wish we would have had a season to put your feet back on the field and see you once again play better than you did before.
Jay Mariano

Dear Class of 2020:
I am so proud of you all! You have overcome some amazing obstacles, especially with the Coronavirus / COVID-19 pandemic! You rose to the challenge of suddenly having to do all your assignment on the remote learning platform of Google Classroom. In spite of all these challenges, you succeeded! I miss you so much and wish you all the success in the world, as you begin to take your first steps into your New World, outside of East Side. Best of luck in your future and please come back of visit to share your success stories!
Love,
Mary Lyne

Sophia Vilarinho
My dear, dear wonderful young lady,
Our story together goes back to your first year in school when you came in shy, scared, a little overwhelmed but eager to learn and prepared to take chances to get to where you wanted to go. Sitting by the window in room 410, you did your work, focused, courageous, delighted with your progress and amazing all those around you. Our relationship grew strong without effort. That is how real friendships are. They just be. You once gave me roses, pink roses that were dried and stayed in my living room for two years... until they had to go... but our friendship will not go. It will remain, forever. I wish you all that is good in this world, all the success, the health, the love, the friendship and the happiness.
Love always,
Ms. Nunes

My dear Gia Nunez-Cueva
You will always be in my heart with a beautiful and sincere smile and an amazing heart to give to others. Thank you for your hugs when you came into class and for you kind and amazing temperament that made you such a pleasure to have in class! Never lose that beautiful soul! Life is beautiful and it will bring you all that you deserve: love, health, happiness and friendship! Love always,
Ms. Nunes

Dear Helen! Congratulations on this big big event in your life! I know it is not how you imagined it, but we always should think of the blessings we have rather than focus on the disappointments! It helps us to focus on the good and not let the less positive events take control of our lives! I wish you all the success, health and happiness in the world! Thank you for your sweetness, sincerity, dedication and politeness. I am very proud of you!!!
Much love,
Ms. Nunes

Camile Lima, O teu desempenho e olhar positivo irão se encarregar do teu sucesso na vida. Não deixes de expressar a tua humildade e ingenuidade, pois um coração puro é difícil de encontrar hoje em dia. Continua a lutar pelo bem-estar dos demais, mas não te esqueças de o fazer por ti também. Desejo-te a maior sorte deste momento em frente. Parabéns!
- Ms. A. Dos Santos

Rhian, A gentileza, a humildade, a boa disposição, e o foco que demonstravas diariamente são características que os professores sempre apreciam nos alunos. Sempre fostes aquele companheiro que apoiava os demais e que contribuías para o bem-estar da turma toda. Não percas este modo de ser porque sempre será o que contribuirá para o sucesso no teu futuro. Parabéns! - Ms. A. Dos Santos

Dear Abner,
Some relationships need to be built, with lots of work and hardship and they don't come easy. It was not our case! We, from day one, felt a connection and empathy that does not happen to everyone. You sang for me… you took a chance and in front of the entire Homeroom showed us all your immense talent that would later be displayed to all the school. But I… I was lucky… you showed me first. And that will stay with me forever! I admire your many talents, musical, academic and on a personal note, your values and work ethic. What a pleasure it was to be a part of your journey! Thank you for letting me continue to be a part of your life! Wishing you success, health and happiness season with loads of love.
Love always,
Ms. Nunes

My dear Ashley,
It has been my delight and privilege to be a part of your journey, this journey of ups and downs that makes us all strong and resilient by believing in each other and carrying on even though times are tough. It was a pleasure to have you in class, shy but attentive to the needs of others and forthcoming when it was needed. Thank you for making this yet even more unforgettable! Will never forget you! Ever! May all your most desired dreams come true because you have earned them!
Love always,
Ms. Nunes

Dear Francisco, Congratulations!!!
Thank you for letting me be a part of you journey to this goal! It was a pleasure to have you in class, showing how intelligent, capable and dedicated you were. Your maturity and tolerance, your patience and kindness were really really important to me! Thank you for setting the example! I am SO PROUD of you! Keep on succeeding! You can do anything!!!
Much love,
Ms. Nunes

Dear Jenny, I will never forget you. I will never let go of how your eyes were always focused on me and on the matter at hand in class, how you participated so much and well although you were shy and afraid of making mistakes! You are a star!!! I always knew that... and now, it is just the beginning of a brilliant future! I am very proud of who you are, your values, your morals, your positive nature and your responsibility and dedication!!!!! Love you always,
Ms. Nunes

Dear Maby,
These words could not be more full of love and pride than if I was writing for my own child. You brought me so much joy when you were in my classroom. Your smile, your friendly nature, you amusing way of looking at everything and that brought us all joy. You dedication and intelligence brought you to where you are today: among the best. You will always be my pride and joy... "Ai Miss... que tanto relinchán!" LOL
I will always be here! Remember that.
Love always,
Ms. Nunes

Congratulations Julia Birch Gielow! It is so rewarding to have had the opportunity to be your teacher and watch you work, learn and grow into a thoughtful, self-confident and resilient young woman. Your dedication and hard-work to empower not only yourself but also your community and peers is inspiring. I am confident that you will accomplish all your future goals because of your motivation to succeed in life. I look forward to hearing about all your future accomplishments.
With love and best wishes always,
Mrs. Morales

To the Class of 2020,
Thank you for making my first year at East Side High School truly memorable. I had the privilege and pleasure of teaching quite a few of you.

To my students, thank you for bringing me back a sense of joy in teaching that I had been missing; I will forever be indebted to you for this. You welcomed me with open arms and accepted me as part of the East Side family. I hope, in turn, that I was able to do the same for you in my classroom. I will cherish the many experiences we had together and will never forget them. The ending to your Senior year was definitely far from traditional, but the drive and motivation you've collectively demonstrated through this experience is commendable. You deserve this time of celebration!

My wish for the class of 2020: May you continue to challenge yourselves every day to do better, to be better, to go beyond where you think you can. Always remember that you've survived some of the hardest moments of your life. Greatness and success are in your future; embrace your determination whole-heartedly and you'll be unstoppable.

Congratulations! Parabéns! ¡Felicidades!
- Ms. A. Dos Santos

Cristiana Godinho, I still remember the day you asked me for advice on which picture you should use on your flyer for Homecoming Queen. I was pleasantly surprised! Quiet, hardworking, studious, and focused were words that instantly came to mind to describe you as a student. But here you were showing everyone your outgoing school spirit with no hesitation, much like you exhibited when you decided to participate in the winter concert and school musical. I'm so glad that you don't box yourself in. Continue to prove to yourself that you can try new things; as long as your heart is in it, you'll always succeed. Congratulations!
- Ms. A. Dos Santos

Congratulations Sheila Ruiz! It has been a pleasure watching you learn and grow into the bright, brave, and confident person you are today. All your hard work and dedication has paid off and you have achieved one of many more milestones in your academic career. Continue to empower yourself and others as you embark on your next adventure in life. Remember I am always here to listen.
With love and best wishes always,
Mrs. Morales

Edgar Correia, you were often a quiet and unassuming student in class, yet you made sure that you were acknowledged as an active member, taking a lead in your group and showing insight. You held your ground and were steadfast in your determination to do well. Keep chasing your dreams and staying true to whom you are.
Congratulations!
- Ms. A. Dos Santos

Dear Rafaela, Congratulations!! Muitos Parabéns!!! Foi todo um prazer poder partilhar consigo o Homeroom todos esses anos!! I really enjoy your calm, your tranquil attitude and your sincere smile! I wish you all the best and hope that all your dreams come true!!!! Much love,
Ms. Nunes

Dear Senior Class of 2020,
Let me first start off by apologizing to you for the way you are ending your senior year of high school. I know that many of the things you looked forward to, and worked hard for, have been taken away. What has not changed, however, is how very proud of you I am. While I do not know all of you personally, I have had the honor of having a good selection of you in my classes, and over the past two years I have watched you. I have seen growth, maturity and determination. I have witnessed pride and regret, strength and weakness. I have hugged away tears of joy and sadness, and my only regret at the moment is that I cannot hug you right now and tell you that you deserve all of the congratulations in the world. You are the first class to graduate virtually, and this is not something that will be forgotten any time soon. I applaud you for continuing to go on, no matter the circumstances, and I know that our future is safe in your hands.
Congratulations 2020! You made it!!
Ms. Csaszar

To the seniors in AP Calc and IB Math
Just know that I love you all and definitely missed spending the last few months of school with you all. We had lots of fun times in class (regardless of all my corny jokes), thanks to all of you being so easy going and your kind-hearted spirits. May your college years be great and memorable. I will definitely never forget this year's AP and IB classes, and I'm sure you will not quickly forget this experience as well!!
Wishing you the best,
-Duarte
P.S. Never forget that the derivative of
x2 + 5x + 3 = 2x + 5 !!

To ALL the seniors,
You might not have had the prom or the graduation you were looking forward, but you will be one of the only classes that can say they were a part of history in the making. You will look back at this as an experience that will make you all better and stronger in the long run. You can also use this experience to one day tell your kids and grandkids one of those stories that starts off with "Well, in my day we couldn't even go to school because..." . Make the most of what life gives you and always try to look at the postive side. Good luck to all of you in the future!!
Wishing you the best,
-Mr. Duarte

To my AP Statistics class students:
Congratulations! It truly has been my pleasure and honor to have been your teacher and watch you learn and grow this year. I will cherish all our time spend together, especially our 60 second breaks and way-off topic conversations. All your hard work and dedication has paid off and you have achieved another milestone in your academic careers. Enjoy this moment but remember graduation is not the end, but just the beginning of your next big adventure in life. With love and best wishes always,
Mrs. Morales

Congratulations Julissa Burguan! It is so rewarding to have had the opportunity to watch you learn and grow into the insightful, confident and courages young woman you are today. All those long-hours spend doing homework and studying have paid-off and you have accomplished another milestone in your academic career. Remember graduation is not the end, but just the beginning of your next big adventure in life. I look forward to hearing about all your future goals and accomplishments.
With love and best wishes always,
Mrs. Morales

Congratulations Jheniffer! Marques It has been an honor and pleasure to have had the opportunity to be your teacher and watch you learn and grow into the bright, confident and resilient young woman you are today. All those long-hours spend doing homework and studying have paid-off and you have accomplished another milestone in your academic career. I am sure you will accomplish all your future goals as you embark on your next big adventure in life.
With love and best wishes always,
Mrs. Morales

To Esther Ocasio:
It was great to see your face again this year after not seeing you since the middle of your sophomore year! I know you were ready to take on anyone willing to get in our way this year and your enthusiasm would have been great influence and inspiration to the younger players.
Jay Mariano

To Dayana Cabrera:
From offense to defense to goalie, you are the first player I ever coached that actually played every position on the field, maybe even almost coach! You will be missed and your cleats will be hard to fill. I wish you the best and remember to keep lacrosse in your heart, mind and soul! - Jay Mariano

To Jasmin Garcia:
You set a bar for what I will look for in a team manager. Your organization, dedication and commitment to the team make other team managers of other sports look like they didn't do enough.

All I had to do was give you a whistle and everyone would think you were the coach and I was the manager!
Jay Mariano

To ALL MY SENIOR GLAXERS...
I know it's unfair and I know this year would have been the best with you at the lead and having a team as big as it was. Always know that Coach Mariano will always love and cherish the many memories we have from grass to turf to BBL to hallway.
Remember to play hard, play smart, and make sure you play with all your heart.
Jay Mariano

To Gianella Solorzano:
Another freshman prospect who spent more time with her behind on the ground than her feet. I thought you'd outgrow it, but again your sophomore year you did it again, but your head was in the game more than in the clouds. Your laughter, commitment, spirit and energy are unmatched. I know for a fact that this year was going to be your year. The fact you took the lead in being a voice to be heard in order to have GLAX deservingly recognized by NPS foreshadows how successful you will be in the future. When I look on the field, I will always picture you on it.
Jay Mariano

To Melissa Pereira:I thought your freshman year was going to be your last year when you had that head collision that first day of practice! You stuck it through these past 4 years and were able to grow from a small timid girl who barely knew how to pass and catch and cradle on the field to strong woman who is a force to be reckoned with that the underclassmen look up to and respect. Past 4 springs with you leaves the fifth spring with a hole in my heart.
Jay Mariano

Dear Seniors,
I enjoyed teaching you all about personal finance, but more importantly, I enjoyed getting to know you. I'm sure we all wish we could be in school one more day to see each other again, even if only to say so long and good luck, but alas, we cannot. In some ways, this quarantine has allowed us to get to know other sides of each other. Having you as my students has certainly been a treat. While not every day was joyous, I wouldn't trade a one of them. I know you will see success in whatever you choose to do in the coming years. I wish you all the best. And don't be a stranger once you graduate!!! I love visitors!!!
Fondly,
Miss Nora

Danny Vinhas,
Who would have thought the quiet kid, that refused to sing in my classroom 4 years ago would be the Man in charge of running the Show! It has been an absolute honor to work beside you and watch you grow into who you are today. I know it hasn't always been easy but your Grit and determination to be apart of what you love has been awesome. Just think you started off grabbing microphones and plugging in cables now you are one of ESPA's most valuable assets. We could not have come this far without you and all of your hard work. Continue to push to be better. Continue to grow and always remember you've got me!
Forever in my Heart, Ms. B

To Iwly Trindade:
I wish I was able to see how fast your athletic promise cultivated into your love of lacrosse. Your presence was a great motivator for the team.
I know from a couple practices that you would have been a valuable asset to the program.
Jay Mariano

To my Serafini,
You made it! It wasn't easy but you are beyond amazing and made it! You remind me daily that it's not enough to just be good and that Hard Work matters so much more than the world realizes. Who would have thought 4 years ago the girl sitting in the trumpet section of the Band playing "Silent Night" would be one of East Side's most precious gifts. You never cease to amaze people with your talent and drive. If I could get you to never forget one thing it would be the Disney Show. Yes everyone loved Beauty and the Beast but for me I want you to remember the power that you posses when you are 100% true to yourself. The moment when you took the stage and sang "When You Believe" was a moment that the world paused because life needs courage. Life needs hope and Life needs power. That moment you Stood Tall and you gave Life. Never forget how powerful you are and never let anyone make you think or feel powerless. Continue to be great! Continue to grow strong and know I will always be here for you wherever your journey may lead.
Forever in my heart, Ms. B!

Natasha Sarabando,
My girl! You are one of the reasons we have after school choir! Seeing how hard you worked in your 3rd block A day freshman class showed me that East Side could be so much more than a "Sports School". I have pushed you so hard these past 4 years because I was amazed to see how you would rise to the challenge. I could never imagine trusting you with learning multiple parts, with multiple staging and multiple changes when you were a wee freshman. Now, you are my go to. If anyone can get it done, Natasha can! Times have not always been easy but you have never quit. You've never given up and you've never done anything but your best! I want you to take that can do spirit with you wherever you go. You are a fighter!
Forever in heart, Ms. B!

Shahid Carter!!!! To the student that loitered in my classroom for years before ever singing a note, Thank You! I know that sounds strange that I'm thanking you but I don't think you realize what you've done. I thank you for trusting me with a gift so precious that the world had no clue you possessed it. I thank you for reminding me that trusting the process is weird but it all works out in the end. I Thank You for always being committed to being great no matter how far you had to go outside of your comfort zone to get there. Watching you in your short time as one of my babies has been amazing. Your growth has been tremendous and your spirit is one that I'll surely miss. When life gets tough I am challenging you to always remember, "It's only a Fist Fight!"
Forever in my Heart, Ms. B!

Abner Bonifacio,
I wanted to sit down and tell the story from the beginning; Just in case you ever forget. You were a sophomore. You met me on a video posted to your Google classroom while I was out on Maternity leave. You struggled to understand my assignments because I was not yet the tri-lingual, Google translation warrior that I am today and when I arrived back to school you changed that. My Grandma used to tell me a poem about the many people that come in and out of your life but only a few will leave footprints on your heart. I am reminded of that poem when I think of you. Our lives are the sum of many short stories. Some we wished never happened and others we'd love to live forever. As our stories crossed I am filled with words and moments that were magical and precious. Our story is filled with Break Downs, Break Ups and Break Throughs but through it all it has always been filled with Music! I ask you to remember your voice. Not just your singing voice but who you are at the core of it all. Remember your Faith and your Fight. Remember who you do this for and your gifts. You are more than just a song. Continue to grow and be unapologetically you!
Forever in my heart, Ms. B!

Brandon,
congratulations on all of your achievements! I'm so happy to have accompanied you on this journey of discovery over the last couple of years, and I hope to see you flourish in this new stage of your life. Keep working hard and believing in yourself. Always remember that you control your own success. I know you will accomplish wonderful things! – Carina Rodrigues

This goes to Aaliyah Mejias:
My dearest Aaliyah, words can't express how much I am going to miss you. Your beautiful smile, your heart to help wherever you could, making me laugh when I was frustrated, and always being there when I needed you. I've watched you jump over hurdles for people who would'nt for you and yet you still remained committed. I've watched you carry the heavy load of being a sister, a captain, and an employee while maintaining SUPER SCHOLAR status. I'll cherish our morning talks, our long rides where you shared some of your greatest challenges and dreams, and the bond we have created over these last two years. I am beyond proud of you and I look forward to hearing the tales about this journey life is about to take you on. Congratulations! Take your well deserved walk of honor.
Ms Neal

This goes to Regla Ruiz:
Oh my Regla, the sassiest of the bunch that had my mouth on the floor when she strated speaking Spanish out of nowhere one day. The one that gave me the most mouth and attitude and definitely the most headaches, but the one that was consistent in protecting me, even when we were at each others necks. You have a strong personality that can be stand off-ish to someone who won't take the time to know and understand you. I'm glad I took that time. I don't know who I'm going to argue and laugh with at the same time, who is going to check me, or who I'm going to kick out for saying or doing something crazy; there was never a dull day when you were around. I know you are going to let those college folks have it, but at least they will know not to mess with my "Chocolate Cuban Princess." I proud of you and expect nothing but the best as you venture out into this new chapter.
Congratulations!
Ms Neal

To our lunchtime crew:
It's been my absolute pleasure sharing my food and time with you! I may never see you walk across the stage at graduation, but I've seen you learn and grow and shine before my eyes every day. I will miss you all very much. Always stay true to yourselves and be good to one another! – Carina Rodrigues

This goes to Cristiana Godhino:
Cristiana, remember when you tried to switch your class last year? You had no idea what you were trying to run away from, but I'm glad you stayed. I have watched you blossom out of your shell; a quiet speck in the room is now expressing herself to the fullest in ways she never thought were possible. I feel like I couldnt get rid of you this year...lol. All this growth is because you took a leap of faith and you learned how to work through fear, uncertainty, shyness, and pressure. I'm so proud of you for sticking it out. Keep pushing throught the uncomfortable places, you never know what strengths are on the other side.
Congratulation! - Ms Neal

This is for all of the Musical participants:
Some of you I have had since you were freshmen and some of you, only this year. No matter how much or how little time we have spent together, please know that you all have a been a joy. My day would be worth getting through just to encounter you all in rehearsal. Through every challenge, you all pressed through and made a way for Performing Arts to happen at ESHS; you kept it alive and for that I will forever love you. I'm really sorry you did'nt get to take your last bows at ESHS, but know that you get a standing ovation from me. Now go and accomplish great things and never forget your love and passion for all things Arts. Congratulations! Now hands in the circle and give me an ESPA 2.0 on 3...1,2,3...
Ms Neal

This goes to Jessica Paredes:
Your willingness to help and get it done work ethic has been such an incredible asset to me. I never had to beg or convince you, you just came and asked how could you be of service. You never complained and you did whatever was asked of you with respect and integrity. You are such a joy to have around. I hope you know just how much you mean, not only to me, but to the Performing Arts Department. I am going to miss you a lot, but please know I am only a phone call away. Congratulations beautiful, take your walk of honor.
Ms Neal

Dear Seniors,

Congratulations class of 2020! Although the road ahead to this new phase in your life looks much steeper right now, there is no question in my mind that you will continue to distinguish yourselves. It has been great to see you grow! Remember this very important fact: you matter! Unless you multiply yourself by the speed of light squared, then, you energy! -
Love,
Mrs. Duarte

Pam,
I wish you all the success and happiness in the world. Thanks for all your help with the National Honor Society. I'm going to miss having you beat me at Scrabble! – Carina Rodrigues

Jasmin,
it's been a pleasure getting to know you over the last couple of years. I really admire your strength and perseverance. Thanks for sharing your days with me. Never forget how wonderful you are! - Carina Rodrigues

To The National Honor Society:I'm sorry that our time together was cut short and that we weren't able to accomplish all the things we had planned. I am very proud of all you have done during your time at East Side and all you have done to help the community. You are an exceptional group of students and human beings. It was an absolute pleasure to get to know all of you. Keep working hard. May your futures be bright, filled with happiness and success! - Carina Rodrigues

This goes to Gabriel Olayini:
It's rare to encounter people who change, but are consistent. I've watched you, over the past 3 years, go through many changes physically and emotionally. It's like this cute little boy walked into my rehearsal asking to be a part of the musical and this man is about to graduate and take on the world. There were many rough times where your spirit was low, but from my perspective, you never let it break you. You managed to always maintain a smile on your face and a joke in your heart and that has remained a consistent. You've matured so much and I know that as you continue to find your way, and your voice that you will achieve your wildest dreams. Please don't ever give up; keep pressing through in knowing that you will always have "Mama Neal" in your corner cheering you on; Goooooo G-O!! Congratulations! You derserve to be celebrated son.
Ms Neal

This goes to Mikah Johnson:
How can someone be a pain in the behind and someone you look forward to seeing? Mikah Johnson, that's how. Boy, you know how to keep me on my toes. You just never know what is going to come out of your mouth, but you do know you will laugh. I'm talking about uncontrollable, genuine, gut wrenching laughter. Even when you don't feel like laughing, when you are around it is innevitable. I hope you know that is a gift; its what I love most about you. On a bad day, I could look forward to sunshine in your comical ways. Even when I wanted to scream at you for playing around, deep inside I was laughing because you are just a riot. My hope is that you will continue to be you, which I know you will, no matter what circumstances you find yourself in. Let who you are make room for your greatest acomplishments in life; except at the hoop. Missing jump shots ain't funny. I hope you know how proud I am of you. "Mama Neal" is always here when you need me. Now go and get those wins MJJ.
Ms Neal

Dear Maxilainy Santos De Oliveira,,

As Suzy Kassen said, "A heart without dreams is like a bird without feathers." Keep dreaming and pursuing your goals. Never forget to take a chance and never let fear stop you from taking a leap.

Sincerely,

Mrs. Nascimento

Dear Ketleen Cuel

"Obstacles are the cost of greatness, " as Robin Sharma wrote. You will face many obstacles in life, remember that you have the strength to surpass them all. You are a brilliant young women. Let your light shine!

Sincerly,

Mrs. Nascimento

I know that our year was shortened, and unfortunately, we did not have a proper goodbye. However, in the short amount of time that I was your teacher, I have learned so much from you guys and hope that you can say the same. As many of you know, I typically only teach freshmen, so when I was handed a roster for seniors, it was frightening, to say the least. After just few short weeks, I realized how lucky I was to be given such amazing students.

You all have so much potential and so much to offer the world! When I told you that I'd always be here for you, I meant it, so be sure to visit and communicate with me often, as I'd love to hear what is going on in your lives. I wish you all the absolute best in life and hope you'll continue to strive for greatness! Congratulations!

-Ms. Thatcher

To Maria Eduard Araujo,

There are certain types people in the world who are successful and they meet the most important and basic requirements. That is being on time and being reliable. That's you. I really appreciated you dedication, you promptness and your hard work. As we go through these hard times I wish you all the best in your endeavors, your hopes and dreams. I hope you stay safe and healthy because the world is waiting for you to do great things.

Mr. Exposé

Dear seniors,

It has been a pleasure getting to know you through the years. It breaks my heart that COVID 19 interrupted our last year together. I hope you eventually get to have a prom and a graduation ceremony, as you all deserve. Most of all, I hope you leave East Side saying you learned, laughed, loved, and lived. I am proud of all of you and wish you much success in all your future endeavors! Congrats grads! ~Boa sorte Barbara! ~Keep running and "Rock on" Gabriel! ~Extra special shout-out to my "Zack-A-Dee"!

Love Always,

Diana Dos Santos

To My Dear Period 3 Class, My Precious Period 4 Students, My Adored Period 7 Students, and My Cherished Period 8 Class,

Thank you for persevering with me during this unusual school year -- you showed strength and resilience which will serve you well in the future. Some of the things I will always remember about this year include Emely challenging me to learn the TikTok dance (I did it!); Taumir and Victor inviting spirited and enlightened class discussions; my Favorite Couples Who Never Were (you know who you are…); the kind messages that you left for me on Google Classroom in March, April, May and June; the power outage that plunged all of ESHS into darkness but didn't faze my kids who kept on completing their test; the 16 students (or 18, or 20 or 22 -- "do I rearrange your furniture when I come to YOUR house?")

I battled to KEEP MY WINDOWS OPEN so I wouldn't pass out (hot flashes are a thing); Emmanuel, Vincent and Shaytzi who kept our chromebooks charged; the kids who were brave enough to go next door to the Math Office and sharpen pencils or make copies even when intimidated by the number of adults in the office or faced with using the copier, even when they'd never learned how; Henry wishing me a "good weekend,"... on THURSDAYs; those who passed their road tests on the first try, despite crummy weather, and those who had to wait a week or two to try again; finding your freshman-year headshots and noticing how much you have changed -- the hair, the glasses, the braces; "dad jokes" from Brian; finding those scholars with "old souls" who enjoy '80's disco, Queen, Billy Joel, Marvin Gaye, Led Zeppelin, Stevie Wonder and The Beatles -- just like ME; the teens who already had a "saver-not-a-spender" mindset when they walked into my room in September; Iwlly, Denilys, Shania, and Lissaura who politely reminded me that I slipped and mispronounced their names; Ashley, who often preferred another "S" word over options such as "stuff," "supplies," "selections," and "specifics;" and the students who felt awful when they were duping other characters while playing SHADY SAM.

I'm sure we'll see each other soon -- perhaps by then, some of you will have acquired a taste for plain seltzer, and I will have gotten a new pair of Crocs!

Continued good health, much love and many happy days ahead to MY Classes of 2020. Take care :)

--Mrs. Sherman

Dear seniors,

My heart shrank when I read the news about the governor's latest decision about keeping the school closed. I won't witness your graduation ceremony. However, I will remember the senior class 2020 more than any other promotion because YOU were the first generation to pioneer the remote learning, had the longest senior skip days of all times, and made history for being resilient.

"There is a hidden greatness in all of us that doesn't come out until
we find ourselves in difficult situations that demand confidence and focus.
In those kind of moments, we really discover if we have what it takes to win."
~Unknown

Best wishes of success for each one of you in all your endeavors,

Mrs. K. Leon

To All My Favorites:

I KNOW you are going to be successful in whatever field you go into. You have a big heart, a great spirit, a strong will, and you "refuse to lose."

People who can see that will invest in you. So reciprocate and invest in them. Never forget who you are at your core and keep your circle close.

Notes to Remember:

1. You have a purpose. This is not determined by anyone, but you.

When you don't get the recognition, praise, or support you want or deserve--don't stress. Don't become bitter and allow yourself to quit. This is life teaching you that all of it is not needed.

Meaning, you don't need a high salary, awards, praise, or even recognition to be truly successful or highly effective in what you choose to do. It helps, but it ain't necessary.

2. The real meaning of the word "NO.":

In all your endeavors, remember that whenever someone tells you NO (it will be often)

--don't waste your energy trying to convince them. Instead, move on. But don't give up. You are simply talking to the wrong person.

3. Invest in yourself.

Develop the mindset: "I refuse to lose. Support me, or simply step out of my way." Meaning, you should never depend on, or wait on, someone else to invest in your vision. If you want to make something happen, offer no apologies and make moves with purpose. This is what it means to blaze your own trail; and take steps to make a dream an obtainable goal.

With much love and affection,

Erika Plumey

Rafaela Alves Dos Reis,

Wishing you much success in the future. Always aim high, reach for the stars and you will undoubtedly be successful in life. It was a pleasure having you as my student. Keep in touch. If you need me, you know where to find me.

Mrs. Figol-ESL teacher

Congratulations Orley for this accomplishment! You were always a hard-working student, and you made excellent progress! Continue to work hard towards your goals, and great things will happen! All the best,

Dear Brian Martinez, Iwlly Trinidade and Jaime Sepulveda,
It was a pleasure having you in class.
Congratulations on your Graduation and may you accomplish all your life long dreams.
Love,
Ms. Garcia

To my kids,
Though we may not see each other again as teacher and student, this doesn't mean we're never seeing each other again at all. I have been, and will always be, your friend whenever you need me to be so. This program we have been fortunate to be a part of is a special one, not because of anything we do or anything we teach you, but because of the people who are, have been, and will continue to be associated with it. You're not leaving any of that, you're just taking it with you wherever you go next. Yours is a new world. Enjoy it. And come back to visit me sometime.
With love & respect,
P

To: ESHS Class of 2020
I want to congratulate you on successfully completing high school. I sincerely wish it were under better circumstances. Life is not always what you want, but what you make it. During my time working with Advanced Algebra in Rm 403, I have found the class of 2020 to be intelligent, motivated, and thoughtful. While some were in "cruise control" as most seniors are, I know you wanted to be successful. What you are experiencing now will shape your generation, but it will not define it. What you do in response to this challenge will be your legacy, and I know you possess the intelligence and common sense to see this challenge through and reach your dreams.
Congratulations Class of 2020
Mr. T
Teacher of Mathematics

To all of my ESL students who are graduating 2020,
You all made it, congratulations. You are the future of this world; you will be the leaders of the future. Always keep the love of education in your heart. Remember the most important thing in life is to be a good human being, to love and respect yourself your parents and everyone else in this world, by doing so you will be loved and respected by others. I wish you the best luck in your future education.
Mr. Edip Agirbaser

To the class of 2020,
You will never be forgotten and will forever leave a mark in my heart. Although this year has been tough, as Eleanor Roosevelt said, "The future belongs to those who believe in the beauty of their dreams." Please keep dreaming and shoot for the moon. Don't be fearful to fall or make mistakes. You will get up stronger and wiser. You will find in life that opportunities don't happen, you must create them. Remember, I will always be within reach to help you and you will forever be in my heart.
Sincerely,
Mrs. Nascimento

Denis- I can't believe how fast time goes by. It seemed not so long ago when we first were introducing one another in class. You are one of the most intelligent students I've had throughout my time here at East Side High School and I am so fortunate to have crossed paths with you in your educational journey. Thank you for allowing me to be your teacher and thank you for your smiles and all your good mornings as you entered our 406 home. You are a success and will always be a success. To My Seniors, Congratulations to all of you. You have worked so hard for this moment and I want you to make it count. Your senior year did not turn out the way you expected it to but there is no doubt in my mind that you will be stronger because of it. As I wish all the wonderful things in the world for you, I leave you with one of my all time favorite quotes by Michelle Obama. "You may not always have a comfortable life, and you will not always be able to solve all the world's problems at once, but don't ever underestimate the importance you can have, because history has shown us that courage can be contagious, and hope can take on a life of its own." Don't be afraid to be courageous, don't forget to go out of your comfort zone, but above all else don't forget to be kind. I will miss you all. Dear students,
First, I want all of you to recognize that you are walking out of this journey with an important lesson in life. We are always planning in life, but we never imagine what's coming next. However, this doesn't mean our world stops; it means we need to learn how to navigate in a new path. Second, I really wish we could have celebrated with the typical ceremony, because that's what all of you deserved. Regardless, we still want you to celebrate knowing that we are very proud of you. My comfort is there's a lot more celebrations to come and I know each of you will get to celebrate a lot more accomplishments in your life. Lastly, remember to always keep your dreams big, and I mean BIG, be grateful, to inspire those around you, to make a difference in others hearts, and most importantly, be your unique wonderful self, never compete with anyone, you are your only competition!
FELICIDADES!

To My Drama Class Seniors - Class of 2020,
Dear Drama Seniors…all 41 of YOU, this has been the most UNIQUE year in any of our lives. From the first day of school, through March 13, the last day I got to see many of you, you all have provided me with the opportunity to share not only my ART with you, but to pass the torch, as it were, to the next generation of WORLD CITIZENS. Whether you realize it or not, this whole "learning thing", is a two-way street. As much as I am giving to you, you are giving me in return. In our Drama Class many of you have allowed yourselves to shed your masks, to become transparent…vulnerable…to tell YOUR story. I have always believed God has placed each one of us here to serve. At sixty-five years of age, I am in what I call, my "LEGACY" years. I want to, need to, leave a legacy of excellence just as one was left for me. It is my hope that in our time together that I gave you ALL that I had, because in the future I charge you EACH to do the same! Leave the WORLD a better place than the world which you received. God Bless you ALL!
Mr. Holtz

CONGRATULATIONS CLASS OF 2020!!!!. A. Barros

Chateli Pacho Cedeno, nunca voy olvidar usted! Eres un buen ejemplo para otro estudiantes con tu esfuerzo! Infelizmente, no vamos tener mas clases juntos. Pero, yo se que usted va tener mucho éxito en el futuro! Esto no es el fin, se que algo bueno va pasar con los seniors porque ustedes lo merecen! Un abrazo!
C. Alves

Querido Caue,
De um tapinha nas minhas costas a um abraço completo ?! Uau!!! E dai chegou a escola virtual ... Quando pensei que iria terminar o ano tendo um abraço apertado de todo o coração, acabei tendo todos os meus planos destruidos pela covid19. Droga !!! Meu querido, não posso lhe dizer o quanto estou orgulhosa de todas as suas realizações. Você sempre me impressionou pela sua inteligencia e determinação. Eu sei que você terá muito sucesso nessa vida porque você não desiste dos seus sonhos. Eu sempre estarei aqui paraqualquer coisa que você precisar. Te amo.
Lilia

À minha querida turma bilíngue de português 2020,
Eu queria escrever uma mensagem especial para cada um de vocês, mas tive que parar por causa do espaço permitido no yearbook. Saibam que todos vocês são amados e extremamente importantes para mim. Saibam que vocês são e sempre serão cosiderados como meus filhos, e não há nada que eu não faça por você. Siga sua paixão, estude muito, trabalhe duro e eu sei que vocês alcançarão todos os seus sonhos. Eu amo vocês e sempre estarei aqui para vocês.
Parabéns pela sua formatura.
Com muito amor e muito orgulho,
Lilia

Ismael Steven MyskowYou have been the greatest treasure in my teaching career. You are like the son I always wanted. If I have a son hopefully he will be a fighter like you. Even tho you could annoy tf out of me, I always loved and appreciated you. Your energy was great and I didn't mind it when you would call me on my BS. I will miss you. Be safe. Stay focused on fulfilling your full potential - -Mr. Brand

Nasir DawsonYou have always felt like a long lost son. You're energy always told me you were a sweet, one of a kind, young man. Your energy is fantastic. I will miss seeing you in the halls and class. Keep focused and achieve something worthwhile. You will be a great example for young men in the future. Be safe.
-Mr. Brand

Meu querido Lucas Luqui,
Você pensou que tinha se livrado de mim e ficou tão feliz no seu primeiro ano. Ainda estou rindo de que seus desejos não se realizaram naquele momento. O que posso dizer?! O que vou dizer é que, desde aquele momento, você já era como meu filho e não havia como escapar do amor e do carinho que eu sento por você. E é isso. Eu vi você crescer durante esses 4 anos assumindo responsabilidades que estavam além da sua idade e sempre me deixando tão orgulhosa. Sempre estará no meu coração. E, com exceção desse pequeno desejo que não se tornou realidade, espero que todos os outros se tornem. Te amo demais e pra sempre. Mãe/Lilia

Matheus,Você é incrível!!! Gosto muito de nossas discussões e me sinto enganada pelo destino por não poder mais ensiná-lo. Embora não estejamos fisicamente no mesmo espaço, saiba que eu sempre o incentivarei a aprender e nunca deixarei que você seja passivo em qualquer assunto. Eu sei que você terá sucesso na vida e eu sei que você será capaz de alcançar todos os seus sonhos. Inimigo, seja qual for o caminho que você escolher na vida, saiba que eu estarei lá para você. Te amo, Lilia

Joshy, you always struck me as "The Little Engine That Could". You were the biggest little guy I ever met. You were clever and endearing in a way that only you could pull off. I hope you keep relying on that brain to reach success because you are very smart.
-Mr. Brand

Marcalia de Souza
I met you during your senior year and it has been incredible watching your intelligence and poise on display every single day. You are so smart and composed I still can't believe you are a high school student. With the Lord's blessing I know you can make yourself a major success. Don't forget the little people like me, when you are a big shot. -Mr. Brand

Jasmani Cuzco, I don't know how else to say that I will miss you. But believe me, if I had a son, I would want him to be like you. You have been there for some of my happiest times at East Side. I couldn't imagine my teaching career without you. You are one of a kind. You are my friend. I will miss you. Be safe. -Mr. Brand

Henry Evia- You were a cool little bro. Ur energy was great. You always put a smile on my face. Even though girls had your head in the clouds your ability to focus will lead you to major success one day. Stay focused. Be safe.-. Brand

Julia Gielow,
Minha querida filha, nunca esquecerei o dia em que nos conhecemos há quatro anos e o quanto você me impressionou desde então. Eu sabia que era amor à primeira vista e sabia que você cresceria para compartilhar o mesmo amor pela vida que eu tenho. Somos tão parecidas em tantas coisas que é impossível não me ver em você. Você é amada, valorizada e tem um valor infinito para mim. Desejo a você tudo de melhor que este mundo tem para oferecer. Você estará para sempre em meu coração e em minha vida. E eu amo ser uma das poucas pessoas nesse mundo que pode te melar de carinho e você não apenas tolera, mas procura. Nunca se esqueça do vínculo que temos. Te amo muito!!! Mãe/Lilia

Cesar Perez Hurtado- CP you have to be one of the realist teenagers I ever met. You were and still are incredible humble and deserving of success, love and support. I hope you get all of the great things life could possibly give.-Mr. Brand

Shawn Cuzco- You are one of the most sensitive and loving students I have met. It might not feel like it, but those are among your greatest gifts. I still LOL when I think of some of our moments together. You are on the road to growth and success, only if you stay true to yourself. P.S. Listen to your cuz JC (he knows what he is talking about). Be safe. -Mr. Brand

Algumas pessoas brilham de dentro para fora e você é esse tipo de pessoa. Você não é apenas inteligente e motivado, mas também gentil e doce. E você também é humilde apesar do imenso talento que você possui. Isso é tão especial, meu querido, tão super especial que eu nao me canso de repetir. Estou sempre admirada com a beleza da sua alma. Você move montanhas para as pessoas que ama e sempre me fez sentir tão valorizado e tão querido. Saiba que o sentimento é o mesmo. Obrigado por sempre cuidar e obrigado por me fazer sentir tão especial. Eu sei que você alcançará quaisquer objetivos que estabeleceu em sua vida porque sabe quem você é e sabe o que deseja. Otavio, Mas como assim, não posso falar mais de 5 minutos durante um debate ?! O que você quer dizer com "outros também podem ter uma chance de conversar?" Meu querido Otavio, nos divertimos muito durante nosso tempo na escola. Você não é uma lista de qualidades, mas é tão fácil criar uma que defina você. Inteligente, criativo, apaixonado, intuitivo, atencioso, bom e assim por diante. Nunca perca o foco e continue prosperando para ser o melhor. E sempre volte para ter qualquer debate que você goste. Eu garanto tempo ilimitado para você falar. Te amo, Lilia
